29th August 2017

Press Release: Southern Districts Football Club

The Southern Districts Crocs will be launching the 2017/18 Season and holding a sign on day on the 9th of September at Coolalinga Central.

The Crocs will be utilising Coolalinga Central who have come on board as a major Sponsor. Along with long time Districts supporters, Sage Constructions, they are now the Croc's Premier League Jumper sponsors, as well as a number of junior teams

Alistair Wise, Club Manager of Southern District Football Club, said that it is great to secure such a sponsorship deal in the current business climate. Money is tight at the moment for many businesses, and community based sporting groups such as the Crocs rely heavily on the financial support from businesses to function.

“Many businesses want to put back into the community, but simply cant at the moment. We are greatly appreciative of Coolalinga Central being able to put such a substantial amount of money back into the local community over the next two seasons. We urge all of our members and supporters to support those businesses that support us.”

Shannon Rusca, Head Coach of the Premier League team will be announcing the leadership group of the season at the sign on day and will be receiving a \$15,000 sponsorship cheque from the new Coolalinga Central. A hand ball station will be set up and goody bags will be given away for new sign ups. The event will kick off at 11am.

Southern Districts field 13 teams in the NTFL competition, covering all grades and divisions, male and female. They are based at Norbuilt Oval, Freds Pass Reserve, Bees Creek. Training is on Tuesdays and Thursdays, starting at 5.00 for the juniors.
